

BETWEEN YOU AND ME

by Stanley Orris

It seems a shame we haven't more to put in this column this week but everybody seems to be behaving themselves more or less. But then we never do get much scandal that is fit to print in such a high class paper as this is. We do get some dillies though from time to time and we just file them away in our asbestos lined safe against the day when, for the public good, it might be advisable to bring them out for a little fresh air.

French River and Devil's Gap Highlight Ontario Holidays

One of the surest ways of maintaining a proper perspective of things is to take temporary leave of the cares of a troubled world and get back to nature for a while . . . a trend that should be particularly popular this summer at French River Bungalow Camp, near Georgian Bay and Devil's Gap Lodge on the Lake of the Woods, where all the comforts of a metropolitan hotel are combined with the freedom and informality of the great outdoors.

Located in the heart of Ontario's loveliest lake and forest country, yet conveniently served by Canadian Pacific Railway lines, both resorts offer such popular vacation pursuits as fishing — and that includes matching wits with the giant muscalunge — hunting, canoeing, yachting, bathing and hiking, with the contrast-

ing "city" delights of golfing, tennis, and dancing, in a setting that might well be a hundred miles from nowhere.

Consisting of attractive, electrically-equipped cabins and central community lodge, French River Bungalow Camp is one of the few resorts in the world where big game fishing can be enjoyed within earshot of the whack of a golf club. This miracle was achieved by carving a sporty nine-hole course from the woods surrounding nearby Dry Pine Bay, where golfers' movements are frequently studied through the wide eyes of a wild deer.

Fashioned along similar lines, Devil's Gap Lodge, an exhilarating boat ride from Kenora station, provides unlimited opportunities for the summer sportsman or

vacationist, whether his tastes run to stalking "musksies", pickerel, bass or trout, or simply acquiring a golden tan from a diving-float or lazily drifting canoe. Excellent boating facilities are maintained by the Lodge where guests have access to a nine-hole golf course and fine tennis courts.

Fishing is a major attraction at French River Bungalow Camp and Devil's Gap Lodge, handsome trophies being awarded for the largest muscalunge, bass and pickerel fished from their respective waters. Guides, boats, tackle and bait are also maintained for the guests' convenience.

Pictures show upper left a glimpse of a cozy French River Cabin and right a view of Devil's Gap. Other pictures show golfing, fishing, canoeing in this glorious holiday country.

ARMY WEEK

All Canada will join in paying tribute to her boys in khaki when Army Week is celebrated June 29 to July 5.

So far in this war the importance of the army has been overshadowed, through no fault of its own, by the exploits of the air-force and the navy. Only in the instance of Hong-Kong has the army seen action. This however is only a temporary condition for once the second front is opened the army will see all the action it is so ardently craving.

It is only fitting that we set aside and celebrate an Army Week to pay honor to these 'Gentlemen in Battledress' who are ready to give all they have that we should continue to live in freedom and comfort. Let each and everyone of us join in fully with the spirit of army week and do all that we can to show our soldier boys the respect and honor in which we

hold them. Send them a parcel, have them to your home for dinner, attend the special church services on Sunday, July 5, write a letter that week to all your friends in uniform.

"V"

WRITE A LETTER!

One of the easiest things we can do for our fighting men, and one of the most appreciated by them, is keeping them posted on all the little things that happen around the town or neighborhood. The local paper can give them the general news of doings about town but only a personal letter can tell them all the little things they so love to hear: who is expecting a baby; who is walking out with who, what so and so said on the street the other day. These are the things that brings home close to them and gives them cheer and courage.

Why don't men write more letters to their friends in the armed services? A fellow likes to hear from a pal once in a while and besides a man has a different slant on things. So, men, don't leave it all up to the ladies. And here is a good idea: in all your letters place a razor blade for they are scarce overseas.

Tourist: "What a quaint little village! Truly one half the world is ignorant of how the other half lives!"
Native: "Not in this village, mister; not in this village."

"Now, George, let's not act like a bridal couple."
"Okay, honey; you carry the two suitcases."

APPLICATION CARDS FOR COUPON RATIONING OF SUGAR

*will be mailed next week
to every Household in Canada*

Canadians will be required to register so that ration cards, good for the 10 week period, commencing July 1st, may be issued immediately. At the end of that period a coupon ration book, good for six months, will be issued.

HOW TO REGISTER

Residents in Urban Areas not served by Letter Carrier, and Residents in Rural Areas

Application cards will be distributed to all householders through the post offices on or before Tuesday, June 23rd. Additional cards will also be delivered for every person resident in the household, who bears a different last name from the head of the household. If needed, extra cards may be secured from local post offices.

These application cards should be filled out immediately and dropped in the nearest mail box or post office. A pamphlet giving complete instructions will be delivered with each card. As soon as your name is duly registered at headquarters, ration cards, good for a ten-week period, will be mailed to you—one ration card for each person in your home. These will be for sugar only.

Coupon Rationing for Sugar Becomes Effective July 1st

Beginning July 1st, no one will be permitted to buy sugar for regular domestic use without a ration coupon.

Prompt co-operation on the part of the public in filling out and returning their application cards is necessary to ensure return of the ration coupon card in time to purchase sugar on or after the above date.

Remember—the amount of sugar allowed each individual under the new coupon rationing plan will be exactly the same as allowed at present—1 pound per person per week.

DO NOT SURRENDER YOUR APPLICATION CARD TO ANY UNAUTHORIZED PERSON

Dear Mr. Orris:

I wrote you some time ago thanking you for the papers but as I haven't heard of you receiving my letter so I thought it best to write again.

It was very thoughtful of you to remember me with the local paper and it gives me an idea of what is happening back there. I am sorry to see the Barons correspondent has not sent in more news as I always like to read anything about the home town.

Thank you again and I will be looking forward to more Chronicles.

Letters From Our Friends In Uniform

This week we had to change the heading of this column for we received a letter from one of Champion's girls in uniform.

V-V-V

No. 10 SFTS, RCAF.,
Dauphin, Man.,
June 6, 1942

Dear Mr. Orris:

I never realized how much I had missed the Chronicle until you started to send it to me. I really look forward to the day

when it is to arrive. Thank you very much Mr. Orris for being so kind as to send it to me, and I can assure you that it is very much appreciated. When I read it, I can almost imagine that I am away from all the rules and regulations hereabouts and all the things that make this sort of life so very different from civilian life. The other day I was sitting in the Mess pouring over all the local items and advertisements when out of the corner of my eye, I saw something flash and on looking up, discovered the station photographer taking flash pictures of us. I was hoping that I had been caught in it with the Chronicle well displayed, but as

yet I haven't seen the pictures and haven't had time to get off work to go over to Ground Instructional School to see them.

I expect that I can tell you very little about the RCAF-WD that you don't already know by Mae Fisher being stationed so close to home but maybe I can enlighten you on a few details concerning our particular station, they tell me that although every station is run on the same general lines, every commanding officer has his own particular opinions on how things are to be done.

I was on a Wings Parade last night for a class of New Zealanders who were graduating. I was not looking forward to it a

bit and did my best to get out of it, as it means standing in the hot sun for about an hour and a half at attention and nearly passing out, but the mosquitoes in this country are about the size of sparrows and come in droves of millions so we were allowed to stand easy which was indeed a treat and we just more or less stood around, as long as we kept in line until the boys got their wings and then with the usual pomp and ceremony, saluting and band playing, we were dismissed. And everyone was happy.

Our discipline is strict naturally, but our meals are very good and everyone, including yours truly is putting on more weight

LINE ELEVATORS' EXHIBIT

A brightly lighted mechanically operated panorama to emphasize the tremendous importance of agriculture in Canada's war program will form the main portion of the line elevator companies' exhibit on the fair circuit this summer. The entire back part of the 30x15 ft. booth will be divided into three sections. The first will be a Western Canadian rural scene. This will illustrate the production of those farm commodities which are urgently needed for war. The second scene shows an industrial area. From one end of this scene essential farm products will be seen moving to the factories. This movement will be effected by means of an endless belt. At the other end of the scene another endless belt will carry the processed farm products to seaboard for shipment to Britain and the fighting fronts. The third scene will show a convoy of ships actually moving out to sea. Merchant ships carrying precious food from prairie farms will be escorted by warships arranged in proper convoy order.

One of the sides of the exhibit will be used to illustrate the amazing things which are being done to foods to conserve shipping space. Exhibits will be included to show how much space is saved by drying eggs, evaporating and powdering milk, and dehydrating fruits and vegetables. The opposite side will illustrate how yields of crops needed for war can be improved by controlling weeds, insects and diseases.

A pamphlet entitled "Your Farm Has a War Job" will be distributed from the exhibit. Sound moving pictures will also be shown. All farmers and other fair visitors are cordially invited to visit the line elevator companies' display. It will be shown at the Swift Current frontier celebration and the following exhibitions: Estevan, Calgary, Portage la Prairie, Yorkton, Melfort, Lloydminster, Vermilion, Vegreville, Red Deer, North Battleford and Prince Albert.
